

## Etude Lyrics

"A MINOR CHANGE" IS INSTRUMENTAL ETUDE BY GREGORY YASINITSKY, AND I LIKE PRACTICING SINGING THE MELODY ALONG WITH THESE ADDITIONAL LYRICS THAT I WROTE:

Come and play Minor 2 5 1,  
day and night, night and day  
Sing along with Minor 2 5 1,  
wipe you sadness away  
Listen to the rhythm...  
get into the groove and sing along now, with the melody  
Have you ever noticed that a minor change can make you sad  
And all day long you're sad & bluesy,  
you want someone to love you  
But no one – no one – no one – no one – no one  
Ever comes along  
Nooobody's there to hold you tight  
No one is to be found and so you wanna sing your blues away now
