

## Etude Lyrics

I LIKE SINGING THE MELODY OF JUDY NIEMACK'S FIRST SCAT CHORUS ON "ALL OF ME" (FROM HER BOOK "Jazz Vocal Standards") ALONG WITH THESE ADDITIONAL LYRICS:

I beg you please take all of me  
Why not, take ev'ry part of me!  
Tell me baby can't you see  
I just ain't no good without you

Here I am so take my lips  
I wanna lose them, 'cause you're the one...  
...they'll ever want to kiss, but now...  
You said goodbye...  
I'm so sad & lonely I'm gonna die...

So All Of Me...  
Why not take all of my brain, of my soul, of my heart  
Can't you hear my voice is sinking deeper in the flow  
I'm longing for you alone...

Yes it's you who took the part  
That I used to call my heart  
Come on, now!  
You can take ev'ry part of me!
